

Plants and where they grow

[NOT DRAWN TO SCALE]

a) In the table below write in the letter of the plant that best fits the description.

Part	Description of Plant	Letter
i)	A plant that can live in hot, dry areas.	
ii)	A plant which has protection from animals which want to eat it.	
iii)	This plant can live in places which are shady.	
iv)	A plant which can climb up other plants or fences.	

b) Pick two of your answers from above and explain why the plant you chose is correct:

i), ii), iii), iv) (Circle One)

Reason these are correct:
