Adding and subtracting more numbers

This task is about adding and subtracting numbers.

Ana bought 16 strawberries. She ate 7 at lunchtime and 5 after school.

How many strawberries does she have left?

Matt had 4 pieces of sushi for lunch. Lee had 6 and Josh had 5.

How many pieces of sushi did they have altogether?

Susana found some coins. She found 2 gold, 9 silver and 8 copper coins.

How many coins did she find altogether?

Eiza had 23 sweets. She gave 6 to Josie and 8 to Mel.

How many sweets did Eliza have left?
