Going on a picnic

This task is about adding and subtracting numbers.

The Harper family go on a birthday picnic.

a) They invite 15 friends, but 4 could not come.

How many of their friends came to the picnic? ⬚

b) The Harper family brought 5 bottles of juice, 2 bottles of coke, and 3 bottles of lemonade.

Their friends brought 6 bottles of juice.

How many bottles of drink are there altogether? ⬚

c) There were 45 pieces of chicken.

The Harpers ate 12 and their friends ate 16.

How many pieces of chicken were left? ⬚
